The After School Computer Programming Club

In support of Independent Team Formations for the **VEX IQ** Robotics Qualifying Competition and State Championships at Allendale Columbia School in Rochester, New York, iCanCode is pleased to offer Students Grades 4 – 8 the following:

Sponsorship slots for two teams (Maximum of 4 Students each), including:

- Facility access (1 Hr/Week) from Sept 2015 through Feb 2016 with a dedicated working area
- Access to and use of provided competition table and 2015-16 Bank Shot tournament playing field (valued at over \$300)
- Access to and use of provided **VEX IQ** Robotics & Add-On Competition Kits to be specifically assigned to each competing team for use at facility & competition sites only and, returned in good working order upon conclusion of competition season (valued at over \$400)

Competing teams will be asked to place iCanCode's logo on their Robot and to allow iCanCode to display promotional signs and literature where appropriate

One-time **Sponsorship Fee** \$200 per team
