

CAMP INFORMATION & PROCEDURES

VEX IQ Robotics - Navigation Engineering

Dear Parents,

We are so excited to have your camper join us in our **STEM Camp: VEX IQ Robotics - Navigation Engineering!** Below is some general information about our camps, procedures, etc. All of our Summer Camps are centrally located in Rochester at **Allendale Columbia School, 519 Allens Creek Road (off Monroe Avenue Exit, Rte 590)**.

Paperwork:

Please be sure you have filled out and scanned/mailed or snail-mailed the following forms at least 2 weeks prior to start of camp:

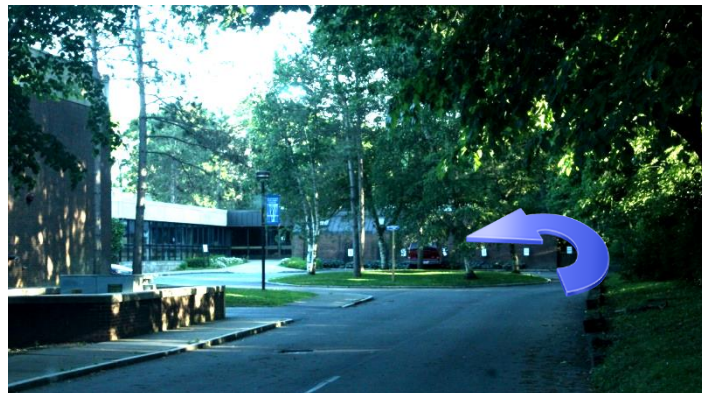

- Learning Styles Inventory**
- Authorization and Release Form** (filled out, signed, and dated!)

General Information:

While there is a drinking fountain available, campers are more than welcome to bring water bottles as long as they are labeled.

Camper Drop-Off & Pick-up Procedures:

Starting the 2nd day of camp, you will be dropping off and picking up your camper(s) at **Allendale Columbia School** in the driving loop to the right after turning into the school entrance:

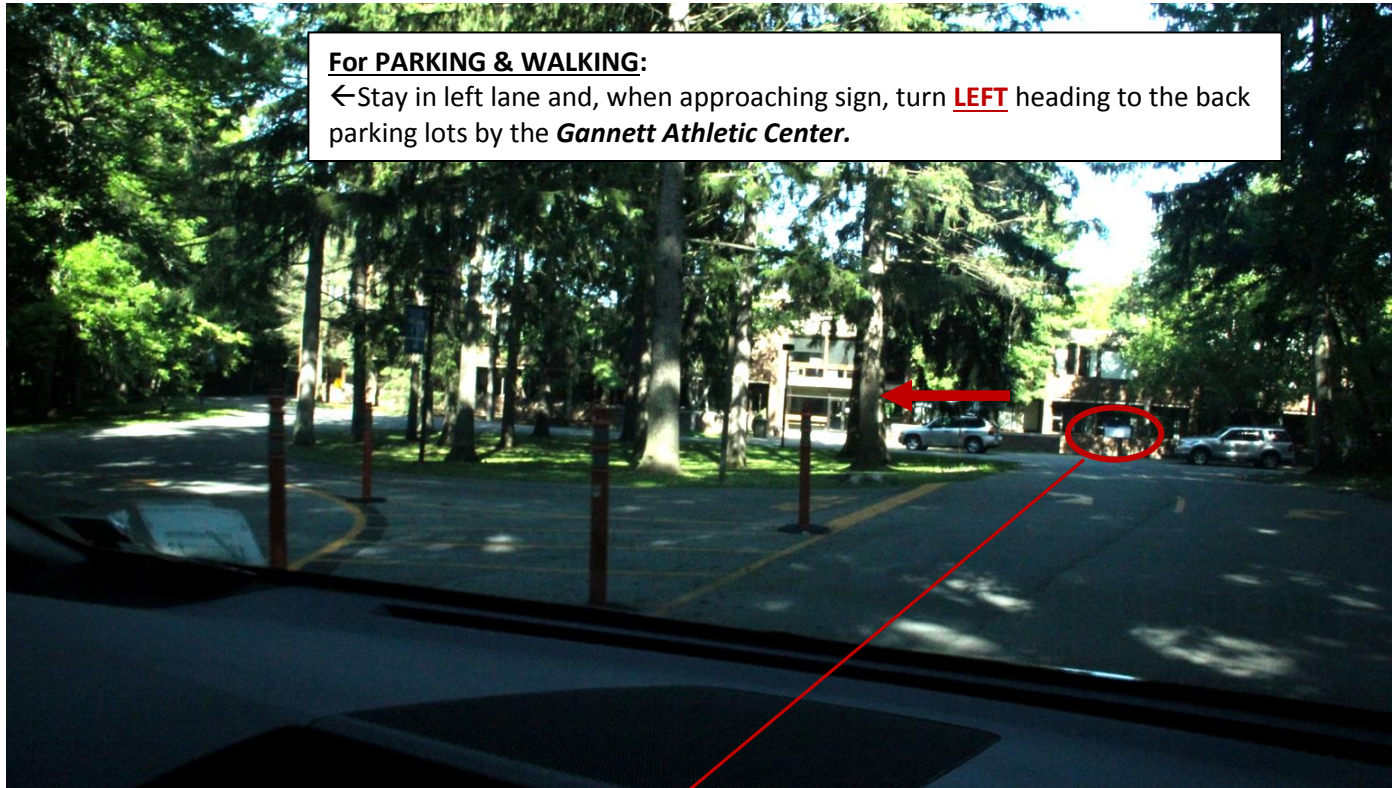

Since we have a large number of campers in our very popular **Robotics Camps**, we encourage parents to drop off their camper(s) **10 to 15 minutes prior to the start of camp** (we like to start promptly). Pick-up will be at 12:00 pm. Again, you will use the driving loop for pick-up and drop-off ONLY.

1st Day of Camp Procedures:

On the very first day of camp, we would appreciate having your camper arrive 15 minutes early. After turning into the school entrance, you will **veer LEFT to park in the Back Parking Lot – ONLY FOR THE 1ST DAY OF CAMP**. Please allow an extra 5-10 minutes for parking and walking. (*Refer to Open House Parking photos, below, for visuals*). We will check your camper in and provide you with a large name card we will ask you to place on your passenger side window area (carpooling families will obviously be provided more than one name card). The cards will have first names only and, when you come to pick up your camper(s), we will be able to see right away which campers to call out to be picked up using our walkie-talkie systems! Also, we will be able to see right away which campers are being dropped off each morning. This has proven to be a very safe and efficient system that our many camper parents have really appreciated.

On the next page are specific parking directions for our popular, **Robotics Camp OPEN HOUSES**. Again, please allow an extra 5-10 minutes for parking and walking for this fun event – thank you!

PHOTOS for **OPEN HOUSE Parking 11:30 AM on THURSDAY:**

For PARKING & WALKING:

← Stay in left lane and, when approaching sign, turn **LEFT** heading to the back parking lots by the **Gannett Athletic Center**.

For PARKING & WALKING, continued:

Park straight ahead or in continued parking area to the right. Follow signs for walking to our **LEGO Robotics & Technology Camps**.

And, most important of all, mark your calendars for...

Parents (& Grandparents, family, friends, etc.) Invited to:

Our popular, Robotics Camp OPEN HOUSE!

- When:** 11:30 am – 12:00 pm on THURSDAY (Friday is reserved for final course debriefing & deconstruction of models)
- Where:** Park in back parking lot (as directed above), follow the signs to our camps, and come on in...
- Why:** To see your camper in action with all they've been learning, of course! (You'll be impressed!) Awarding of Certificates and celebration of learning...
- Bring:** Your camera!
